

## WATER TREATMENT PLANT

### Co-op Student Placement

The City of Penticton's Water Treatment Plant has a vacancy for a 4 to 8-month term for a Co-op Student enrolled in a Water Engineering Technology program. Assignments for this term will be varied as the Water Treatment division has three distinct areas of focus including operation of the Water Treatment Plant, residuals handling and water distribution.

#### Competencies:

- Enrolled in a Water Engineering Technology program
- Excellent computer skills particularly in Microsoft Office
- Valid Class 5 B.C. Driver's License
- Initiative/Self-starter
- Mechanical Aptitude
- Ability to follow proper safety rules and procedures, as well as communicate effectively both verbally and in writing.
- Strong work ethic with the ability to work both independently and with a team.

The hourly rate for this position will be determined based on the level of education achieved, plus 14% in lieu of all benefits.

**This position will be open until filled. Qualified applicants who are interested in this challenge are invited to submit their resume to:**

**email: [apply@penticton.ca](mailto:apply@penticton.ca)**

**PLEASE QUOTE COMPETITION 19-06E**

Only those applicants to be interviewed will be contacted. Testing may take place in order to determine qualifications of an applicant. We thank all other applicants for their interest.
