

Watch for FREE parking near 300 Block construction area

Downtown shoppers and visitors are being reminded to watch for free parking around the 300 Block February through June while service and surface improvements are carried out along this section of Main Street. In particular, the City is drawing attention to the following FREE parking areas:

- City owned parking lots off the 200, 300 and 400 blocks.
- Parking spaces along the neighbouring blocks and adjacent streets will have their meters bagged to allow for two hour parking 9am through 6pm, after that it's free all evening.

In addition, free parking remains available in the area after hours on evenings and weekends. Parking after 6:00 pm can also be found at the Nanaimo and City Hall parking lots. For motorists needing 15 minutes or less, parking is available along Wade Avenue between Martin Street and Ellis Street, Monday to Friday, 9am through 6pm.

Free Parking
