Residents notified of curbside waste collection delay

(Penticton, BC – January 23, 2018) – Penticton residents with curbside waste collection service scheduled for Wednesday, January 23 through to Friday, January 25 are advised that regular service to their addresses may be delayed due to heavy snowfall.

“We’re asking that everyone put their collection containers out on their regular day as normal and not to pull them back in until they’ve been emptied”, said Community Sustainability Coordinator, David Kassian. “All waste will eventually be collected this week, some residents may just notice their collection is delayed by one day as drivers catch up.”
