

Favourite photos selected as contest closes

(Penticton, BC – March 4, 2019) – The votes are in and the people have selected their favourite photos from the *Snap Your City! Photo Contest*.

“More than great photos, this contest really surfaced immense pride in the community,” says JoAnne Kleb, Engagement Strategist. “Every photo received evoked a feeling or memory that is unique to living in Penticton and ties people together as a community.”

The photos will now go into the City’s database to be used on the new website and other City publications.
