Parks Donations Program

AN INVITATION....

The City of Penticton invites donations from any individual, organization or service group to be made towards park and public space improvements, including park benches, picnic tables, bike racks, trees, dog pet stands or other park improvement projects.

PROCESS

Thank you for your interest in our Parks Donations Program. Many of the amenities located in our parks today were previously donated through the generosity of individuals or organizations such as yourself. Your donation will be enjoyed by many park visitors for years to come.

The first step in making a donation is reviewing the Program Guidelines and contacting the City of Penticton Parks Department. Our Parks staff will work with you to discuss and review your donation options.

The Parks Department prefers to meet with a potential donor on-site to review and decide:

- 1) the item being donated,
- 2) the exact location your donation will be located,
- 3) confirmation of the plaque wording or letter of appreciation,
- 4) any other donation details.

Parks staff will assist you in processing your donation and the City of Penticton will mail you a tax receipt.

When your donation is installed, you will receive a thank you letter from our Parks Department.

For large parks projects, you will be invited to attend a project 'Opening Ceremony' to recognize donors and celebrate the project completion.

GUIDELINES

1. The City and Donor must both agree on the donation item and location. The City will have final approval of available sites and specific locations for the addition of new park amenities.
2. The item donated is City property. The City will maintain the donated item as part of its regular inventory, at no further cost to the Donor, for fifteen years from the time of installation. 'Pet Stands' are maintained for five years.
3. The City reserves the right to relocate the donated item, if necessary. If a change to the City's infrastructure requires that the donated item be removed, the City will make an effort to replace the item within a reasonable proximity to the original location. If this is not achievable, the City reserves the right to relocate the item to a suitable location determined by the City.
4. The City reserves the right to change the standard for the donated item. In the event that the standard is changed and an item(s) will be changed before the fifteen-year timeline expires, the donor will be given the opportunity to re-donate for the new item, at a prorated cost.
5. At the end of the 15 year Donation period, after consideration of furniture style, location, design, and overall condition, the City at their discretion may offer the original purchaser the opportunity to have the bench or table renewed and maintained for an additional 10 years at a cost of 50% of the current donation price. If the Donor is not interested in continuing the Donation, or cannot be reached within three months prior to the end of the Donation period expiring, the Donation will be removed and the plaque returned to the original Donor. After a total term of 25 years the donation lifecycle is deemed complete and the space will be made available to a new donor. It will be the responsibility of the original Donor to keep their contact information current with the City of Penticton.
6. Plaques – commemorative plaques are included in the price of the donation for new benches, picnic tables, bike racks, pet stands and other park improvement projects. Plaques are not included for furniture renewal, tree or park stewardship donations.
7. Plaque sizes and materials are standardized and determined by the item being donated. Oversized plaques are not permitted.
8. Plaque wording – donors are encouraged to choose messages that are uplifting, inspirational or promote enjoyment of the park area. Plaques are not intended to serve as replacements for appropriate memorial markers. Dates indicating lifetime and wording that serves to create a memorial of a deceased person will not be permitted. Examples of permitted wording may include, but not limited to: 'Enjoy the view', 'Forever Loved', 'Loved by All', 'A Favourite Place', nicknames, popular quotations, etc. The City reserves the right for final approval of plaque wording.
9. Letters or Certificates of Appreciation are mailed to all donors. Donors may choose to have these mailed to friends or loved ones as a gift.
10. Placement of memorial wreaths, flowers or other items or any modifications to the donated item will not be permitted.
11. Program costs are based on current development standards. Program costs are subject to annual review, or if standards are changed.
12. If multiple people are contributing to a single donation, then all donations funds must be collected by one donor. Tax receipts will be made out to the 'Donor', unless a letter is provided at the time of payment indicating names, addresses and amounts for other donors.
13. All reasonable effort to contact the donor(s) will be made at the end of the 15 year Donation period. It is the donor(s) responsibility to update their contact information with the City, i.e. address and phone number changes. At the end of the 15-year Donation period, if the donor does not wish to renew their bench or picnic table, the City will remove the plaque, and the site will be offered to a new donor.
14. The City will not be held responsible for unclaimed plaques.
