

# BEING A GOOD NEIGHBOUR

Renting a Short-Term Rental (STR), or vacation rental, in Penticton has many benefits, such as beautiful scenery, a surplus of outdoor activities, world-renowned wine, and much more. Perhaps the greatest benefit is the pleasure of residing in one of our quiet and safe neighbourhoods. Penticton residents and the City look to you to preserve that unique sense of peace and quiet. In summary, being a Short-Term Renter also means being a good neighbour.

## Parking

Sharing the street is essential. Please use the garage, driveway, or your assigned space. Be aware of parking signs and ensure you are not blocking anyone's driveway.

**Your car may be ticketed or towed.**

## Noise

Consider how you would want your neighbours to behave in your neighbourhood. Chances are your Penticton neighbours will expect the same during your stay.

## Amplified Music

Amplified music is not allowed outside of your STR. Please do not bring your speakers outside and crank the volume.

Your neighbours have every right to call the City if they are disturbed and this may **bring Bylaw Officers or even police to your STR.**

## Pets

Dogs must be on a leash when outside of rental properties and dog parks. Tying your dog up in public spaces is discouraged as it causes stress to the animal and can be a safety concern for passer-biers. A barking or whining dog is a noise concern.

## Recycling & Garbage

Recycle your metal, paper, and plastic products in the provided recycling bin in your STR. Non-refundable glass cannot be recycled with other items; set these items aside. Refundable items are beverage containers and they can be taken to government liquor stores or recycling depots to collect your refund.

Exposed garbage is unsightly and may attract wildlife. Please use the designated collection containers. Waste collection service will pick up trash weekly and recycling every two weeks.

### Helpful Local Information

**Fire, Police & Ambulance:** ☎ 9-1-1
