25	United Way British Columbia	Emergency Transit Assistance Program: Originally this program was developed to provide a safety net for residents of Penticton who needed a helping hand in moving around the City via transit. Over time with the cost of living increasing and the number of people in need of additional supports in Penticton also increasing we are noticing that this program is consistently oversubscribed. The other important factor to consider with this program is that increasingly people are using this service to access health appointments, education, employment and food security. These are everyday quality of life needs that we are currently serving with a program designed for emergencies. We would like to continue this program with City support.	\$0.00	\$15,000.00	\$15,000.00	2023 - \$8,400 (VIK) 2022 - \$8,100 (VIK) 2021 - \$8,100 (VIK)	\$0.00	\$12,000.00	\$12,000.00	Request increase reviewed individually. 33	The Penticton & Area Access Centre	Triage Receptionist: The Triage Receptionist acts as a compassionate guide, listening attentively to each caller's unique situation and needs. This is more than just transferring calls; it's about truly understanding the caller's challenges. This approach is important as many of those who reach out are facing difficult circumstances. Once the Triage Receptionist understands the caller's needs, they direct them to the right resources and the appropriate person or program. They hold a map to the complex landscape of services, ensuring that individuals are connected to the help they require. This step is crucial in making sure that the individuals we serve receive the most relevant and effective assistance.	\$9,015.24	\$0.00	\$9,015.24	2023 - \$11,610 (C) Tech Upgrade 2021 - \$6,000 (C) Men's Counselling	\$4,510.00	\$0.00	\$4,510.00	NEW REQUEST New request under \$10k, proposed funding at 50%
