# **CHIEF FINANCIAL OFFICER'S REPORT, MAY 2017**

I am pleased to submit the City of Penticton's 2016 Annual Financial Report for the year ended December 31, 2016 as required by Sections 98 and 167 of the Community Charter.

The audited financial statements, and supplementary financial schedules have been prepared by City staff in conformance with generally accepted accounting principles as prescribed by the Public Sector Accounting Standards (PSAS) of the Chartered Professional Accountants of Canada.

Management maintains systems of internal budgetary and accounting controls that provide assurance for safeguarding of assets and the reliability of information. These systems are monitored and evaluated by management.

These statements were audited by BDO Canada LLP, and their responsibility is to express an opinion as to whether the financial statements prepared by management present fairly the financial position of the City as at December 31, 2016.

Operating Results from 2016 saw an increase in the City's net financial assets of \$12.2 million bringing its total net financial assets to \$17.8 million. This resulted in an overall improvement of its accumulated surplus by 3.3%, with a total now of \$336.6 million

Consolidated revenues for the City increased to \$108.8 million in 2016 a 4.3% increase over 2015. This increase was largely the result of an increase in taxation, water and building permit revenues. Consolidated Expenditures were \$98.1 million a minor a decrease of 1.6% decrease from 2015.

The general revenue fund saw an overall surplus of \$498,500 with revenues coming in at \$85.7 million, an increase of \$3 million or 3.6% increase from 2015. \$2 million in increased taxation revenues contributed to a large portion of this additional revenue, while strong development activity resulted in increased development and building permits of \$.7 million. Expenditures also rose to \$85.6 as a result of increased costs associated with delivering city services.

As with many municipalities, the City is faced with aging infrastructure. In 2016 the City took initial steps to better understand the challenge faced. Initial estimates are that the City faces a \$175 million infrastructure deficit for its roads, facilities, parks water, sewer and electrical assets. The 2017 budget has taken initial steps to begin addressing this challenge and will be doing further work over the next two years to refine and update estimated costs of the infrastructure deficit.

The economic outlook for the next 5 years appears strong, however prudent fiscal management will need to continue for the City, to strike the balance between funding city services and addressing the infrastructure deficit. The City will continue to review and refine its fiscal strategies to maintain a competitive business environment, while ensuring the tax burden is appropriately shared between business and residences. It will also continue to review and improve the efficiency of its operations through business process improvement and expanding shared service arrangements with other local authorities.

Jim Bauer

# Independent Auditor's Report

# To the Mayor and Council of Corporation of the City of Penticton

We have audited the accompanying consolidated financial statements of the Corporation of the City of Penticton, which comprises the consolidated statement of financial position as at December 31, 2016, and the consolidated statements of operations, change in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

# Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Corporation of the City of Penticton as at December 31, 2016 and the results of its operations, change in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

# **Unaudited Information**

We have not audited, reviewed or otherwise attempted to verify the accuracy or completeness of the supplementary schedules on pages 20 through 29 of the Corporation of the City of Penticton's Financial Statements.

# THE CITY OF PENTICTON SIGNIFICANT ACCOUNTING POLICIES DECEMBER 31, 2016

# **Management's Responsibility for the Financial Statements**

The consolidated financial statements of the City are the responsibility of management. They have been prepared in accordance with Canadian generally accepted accounting principles established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. The Corporation of the City of Penticton ("the City") is a municipality in the Province of British Columbia and operates under the provisions of the Community Charter. The City provides municipal services such as fire, public works, planning, parks, recreation and other general government services.

### **Basis of Consolidation**

The consolidated financial statements reflect the assets, liabilities, revenue and expenses of all municipal organizations, committees and Boards which are owned or controlled by the City. All inter-entity transactions and balances have been eliminated. The controlled organizations include:

Penticton Public Library

# **Interfund Balances and Transactions**

All material interfund transactions and balances have been eliminated within the Consolidated Financial Statements for the General, Sewer, Water and Electrical funds.

### **Deferred Revenue**

Funds received for specific purposes which are externally restricted by legislation, regulation or agreement and are not available for general municipal purposes are accounted for as deferred revenue on the Consolidated Statement of Financial Position. The revenue is recognized in the Consolidated Statement of Operations in the year in which it is used for the specified purpose.

# **Revenue Recognition**

# **Taxation**

Taxes are recorded at estimated amounts when they meet the definition of an asset, have been authorized and the taxable event occurs. For property taxes, the taxable event is the period for which the tax is levied. Taxes receivable are recognized net of an allowance for anticipated uncollected amounts.

### **Government Transfers**

Government transfers are recognized as revenue in the financial statements when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfers are recognized as deferred revenue when transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

# **Utilities**

Charges for sewer and water usage are recorded as user fees. Connection fee revenues are recognized when the connection has been established. Conditional grant revenue is recognized to the extent the conditions imposed on it have been fulfilled.

# THE CITY OF PENTICTON SIGNIFICANT ACCOUNTING POLICIES DECEMBER 31, 2016

# **Revenue Recognition continued**

# **Fee for Service**

Sales of service and other revenue is recognized on an accrual basis.

### **Financial Instruments**

The City's financial instruments consist of cash and term deposits, accounts receivable, accrued interest receivable, Municipal Finance Authority, bank indebtedness, trade accounts payable and accrued liabilities, deposits and long term debt. Unless otherwise noted, it is management's opinion that the City is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying value, unless otherwise noted.

# **Inventory**

The City holds consumable inventory which is recorded at the lower of cost and net realizable value. Cost is determined on a weighted average basis.

# **Tangible Capital Assets**

Tangible capital assets are not available to discharge existing liabilities and are held for use in the provision of goods and services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

Tangible capital assets are recorded at cost, net of capital asset disposals, write-downs and amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at fair value at the time of the donation, with a corresponding amount recorded as revenue. Amortization is recorded on a straight-line basis over the estimated life of the tangible capital asset commencing once the asset is available for productive use as follows:

Buildings	20 to 70 years
Roads and Sidewalks	25 to 75 years
Machinery and Equipment	5 to 20 years
Water Infrastructure	50 to 100 years
Sewer Infrastructure	10 to 100 years
Electrical Infrastructure	20 to 50 years
Parks and Recreation Infrastructure	10 to 50 years
Vehicles	10 to 20 years
Furniture and Equipment	10 to 20 years
Computer Hardware and Software	4 to 10 years
Books and Library Materials	5 to 13 years

# THE CITY OF PENTICTON SIGNIFICANT ACCOUNTING POLICIES DECEMBER 31, 2016

# **Reserve for Future Expenditure**

Reserves for future expenditure are non-statutory reserves which represent an appropriation of surplus for specific purposes. Transfers to reserves for future expenditure include funds to finance incomplete projects and accumulations for specific purposes.

# **Statutory Reserve Funds**

The use of these funds is restricted by the Community Charter and associated Municipal Bylaws. Statutory reserve funds are funded 100% by cash and temporary investments.

### **Use of Estimates**

The preparation of consolidated financial statements in accordance with Public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future. Adjustments, if any, will be reflected in the consolidated financial statements in the period that the change in estimate is made, as well as in the period of settlement if the amount is different.

### Collection of Taxes on Behalf of Other Taxation Authorities

The City collects taxation revenue on behalf of other entities. Such levies, other revenues, expenses, assets and liabilities with respect to the operations of entities are not reflected in these consolidated financial statements.

# **Contaminated Sites**

A liability for contaminated sites is recognized when a site is not in productive use and the following criteria are met:

- a) An environmental standard exists
- b) Contamination exceeds the environmental standard
- c) The City is directly responsible or accepts responsibility for remediation
- d) It is expected that future economic benefits will be given up; and
- e) A reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

As at December 31, 2016 the City has no liability for contaminated sites.

# 1. Term Deposits

	Maturity Date	Effective Interest Rate (%)	2016	2015
Valley First		-	\$ 11,002,648	-

Cemetery Trust Fund Receivable	46,153	49,375
	\$ 7,700,806	\$ 8,465,474

2016

# 3. Development Cost Charges (DCC)

The City collects development cost charges to pay for a proportionate share of infrastructure related to new growth. In accordance with the Local Government Act of BC, these funds must be deposited into a separate reserve fund. When the related costs are incurred, the DCCs are recognized as revenue.

	2016	2015
DCC by Type		
Roads DCC	\$ 1,025,489	\$ 737,443
Parks DCC	475,189	240,576
Drainage DCC	204,571	128,338
Waste Water DCC	5,736,922	4,665,411
Water DCC	2,832,903	2,243,494
	10,275,074	8,015,262
DCC Activity		
Balance, Beginning of Year	8,015,262	8,172,499
Return on Investments	123,534	129,018
DCCs Levied in the Year	2,220,398	531,402
Transfers to General Operating	(84,120)	(817,657)
	\$ 10,275,074	\$ 8,015,262

# 4. Development Cost Charges

In 2010, Council adopted the Development Cost Charge Reduction Bylaw and the companion Economic Incentive Zone Bylaw. The purpose of these bylaws was to spur development in key areas of the City, promote sustainable development and promote the development of affordable rental housing. The bylaws also contain provisions to encourage high-end hotel development. These bylaws will reduce the value of development cost charges, building permit fees and municipal taxes received by The City of Penticton for eligible developments.

The DCC reductions and Economic Incentive tax exemption program have been implemented in accordance with the provisions of Section 933(1) of the Local Government Act and Section 226 of the Community Charter, respectively. In 2016 \$190,113 (2015 - \$87,183) of Economic Incentive tax exemptions were granted. In addition, Council approved \$22,193 (2015 - \$69,375) of DCC reductions in 2016.

### 5. Pension Liability

The City and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trusteed pension plan. The Board of Trustees, representing plan members and employers, is responsible for administering the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2016, the Plan has about 189,000 active members and approximately 85,000 retired members. Active members include approximately 37,000 contributors from local government.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the Plan.

# 5. Pension Liability continued

The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for the average future entrants to the plan. This rate is then adjusted to the extent there is amortization of any funding deficit.

The most recent actuarial valuation as at December 31, 2015 indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis.

The City of Penticton paid \$1,849,912 (2015 - \$1,858,197) for employer contributions to the Plan in fiscal 2016.

The next valuation will be as at December 31, 2018 with results available in 2019.

Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the Plan.

# 6. Contingent Liabilities

# a. Regional District of Okanagan Similkameen

Under Section 836 of the Local Government Act, all monies borrowed by a Regional District, shall be upon its credit at large and shall, in the event of any default, constitute an indebtedness of the member municipalities for which they are jointly and severally liable. At December 31, 2016, the long term debt of the Regional District aggregated \$86,130,133 (2015 - \$94,685,222).

# b. Legal Actions

As at December 31, 2016, certain legal actions are pending against the City as follows:

- 1. The City is aware of various liens registered against the City owned properties located at 903-969 Eckhardt Ave W. These liens were filed by various companies engaged by the third party purchaser of the same properties who subsequently defaulted on the purchase. These companies were not paid and they filed liens against the properties. Twelve liens were filed representing claims totaling \$2,111,921.90. Since then, and within the one year limitation period under the Builders Lien Act, five lien claimants had started legal actions against various parties, including the City, and filed certificates of pending litigation ("CPL") against the properties. One claimant has subsequently abandoned its lien claim and discontinued its action and another claimant reached a settlement. The remaining three claims remain alive with the value of these lien claims totaling \$663,851. It is unknown at this time the likely outcome; however, damages could reach \$66,000, which is 10% of the total claims still being advanced.
- 2. The City has been named a party to an action with respect to a claim made for interference with development rights. The Claimant may have a reasonable basis for a claim; however given the uncertainty of the amount and likeliness of the claim, no accrual has been recorded in regards to these costs.
- 3. That the City has been named a party to an action with respect to a claim made for deficiencies in design and construction. The Claimant may have a reasonable basis for a claim; and damages could reach in the range of \$300,000 to \$500,000, which is 10% of the total claims still being advanced.

# 6. Contingent Liabilities continued

# c. General Contingencies

From time to time there are potential claims against the City for incidents which arise in the ordinary course of business. In the opinion of management and legal counsel, the outcomes of the claims are not determinable at this time and cannot be estimated. Should any loss result from the resolution of these claims, such loss will be charged to operations in the year of resolution.

### 7. Letters of Credit

In addition to the performance deposits reflected in the Consolidated Statement of Financial Position, the City is holding irrevocable Letters of Credit in the amount of \$2,185,630 which were received from depositors to ensure their performance of works to be undertaken within the City. These amounts are not reflected in the Consolidated Financial Statements but are available to satisfy liabilities arising from non-performance by the depositors.

# 8. Long Term Debt

Long term debt reported on the Consolidated Statement of Financial Position is comprised of the following:

Long Term Debt

2016	2015
\$ 43,113,226	\$ 48,914,779

Principal repayments relating to long term debt of \$43,113,226 outstanding are due as follows (in thousands):

	 2017	2018	2019	2020	2021	TI	hereafter
General Fund	\$ 3,233	\$ 1,985	\$ 1,059	\$ 1,042	\$ 1,043	\$	14,883
Sewer Fund	575	545	539	539	539		8,716
Water Fund	422	422	422	422	422		6,305
	\$ 4,230	\$ 2,952	\$ 2,020	\$ 2,003	\$ 2,004	\$	29,904

Long term debt is secured by the assets of the City. The Long Term Debt is held by the Municipal Finance Authority. The principal payments are invested by the Municipal Finance Authority into a Sinking Fund. The principal repayments are currently calculated at a rate of 4%. The 2016 earnings in the Sinking Fund were calculated to be \$1,536,896 and are included in Other Revenue on the Consolidated Statement of Operations.

# 9. Tangible Capital Assets

In 2016 the City of Penticton incurred \$17,405,903 of Capital Expenditures. The Tangible Capital Asset Policy requires that capital expenditures beneath a specified threshold are not capitalized. The total amount capitalized in accordance with the TCA Policy is \$11,939,201 for 2016. The amount of Capital purchases below the TCA threshold that were expensed within the Consolidated Statement of Operations were \$5,466,702.

# 9. Tangible Capital Assets continued

### 11. Credit Facilities

# a. Line of Credit

The City holds a \$5,000,000 line of credit with the Valley First Credit Union. This line of credit has a borrowing rate of prime and is secured by the Revenue Anticipation Borrowing Bylaw 2011 No. 5003.

As of December 31, 2016 there was no balance outstanding.

### b. Bank Indebtedness

The City holds a \$4,230,000 EFT limit.

# 12. Municipal Finance Authority

Cash Deposits and Demand Notes - The City issues the majority of its debt instruments through the Municipal Finance Authority. As a condition of these borrowings, a portion of the debenture proceeds is withheld by the Municipal Finance Authority as a debt reserve fund. The City also executes demand notes in connection with each debenture whereby the City may be required to loan certain amounts to the Municipal Finance Authority. These demand notes are contingent in nature.

Proceeds on loan requests are 98.40% of the gross amount of the loan. 1% is deducted by the MFA for security against loan default (this is held in trust by the MFA in its Debt Reserve Fund and will be refunded to clients, with interest, at loan expiry). The remaining 0.60% is deducted as an issue expense to cover the costs of administering the Debt Reserve Fund.

As at December 31, 2016 the Debt Reserve Fund demand note requirements were \$3,346,659 (2015 - \$3,399,305). In addition, cash deposits totaling \$1,162,303 (2015 - \$1,161,102) were held by the MFA.

# 13. Budget

The Financial Plan (Budget) Bylaw No. 2016-07 adopted by Council on March 7, 2016 was not prepared on a basis consistent with that used to report actual results (Public Sector Accounting Standards). The budget figures anticipated use surpluses accumulated in previous years to reduce current year expenditures in excess of current year revenues to Nil. In addition, the budget expensed all tangible capital expenditures rather than including amortization expense. As a result, the budget figures presented in the statements of operations and change in net financial assets represent the Financial Plan adopted by Council with adjustments as follows:

	2016
Financial Plan (Budget) Bylaw surplus for the year	\$ -
Add:	
Transfer to Funds/Reserves	22,184,263
Debt Principal Repayments	4,283,308
Budgeted Capital Expenditures - General	10,873,710
Budgeted Capital Expenditures - Electric	3,532,786
Budgeted Capital Expenditures - Sewer	1,859,630
Budgeted Capital Expenditures - Water	3,755,000
Less:	
Budgeted Transfers from Surplus	22,920,924
Budget Surplus per Statement of Operations	\$ 23,567,773

# 14. Transfers From Other Governments

	 2016	2015

### 15. Penticton Public Library

The establishment of a municipal public library in the City of Penticton Bylaw 2639 was passed December 8, 1969. The bylaw indicates that the City exercises significant influence over the Penticton Public Library and is required to fund its operations as per the Library Act. The Penticton Public Library assets as managed by the Library Board are recorded as assets of the City. The operations of the Penticton Public Library have been wholly consolidated by the City as at December 31, 2016.

# 16. Segmented Information

The City is a diversified municipal government institution that provides a wide range of services to its citizens such as transit, police, fire, water and electricity. Distinguishable functional segments have been separately disclosed in the segmented information. The nature of the segments and the activities they encompass are as follows:

### **General Government Services**

This segment includes all of the revenues and expenses that relate to the operations of the City itself and cannot be directly attributed to one of the other specific segments.

# **Protective Services**

Protection is comprised of police services and fire protection. The police services work to ensure the safety and protection of the citizens and their property. The fire department is responsible to provide fire suppression service, fire prevention programs, training and education.

# **Transportation Services**

Transportation is responsible for providing the City's transit services.

# **Environmental Health Services**

Environmental services consists of providing waste disposal to citizens.

# **Public Health and Safety**

Health services are comprised of public health services which works to improve the overall health of the population and overcome health inequalities by providing services to individuals and communities.

# **Environmental Development Services**

This segment includes city planning, maintenance and enforcement of building and construction codes and review of all property development plans through its application process.

### **Recreation and Culture**

This segment provides services meant to improve health and development of the City's citizens. Recreational programs and cultural programs like swimming and skating lessons are provided at the arenas, the aquatic centre and the community centre. Also, the City provides library services to assist with its citizens' informational needs and a museum that houses collections and artifacts.

# **Electrical Supply**

This segment includes all of the operating activities related to the supply of the City's electricity.

# **Sewer System Utility**

This segment includes all of the operating activities related to the collection and treatment of wastewater (sewage) throughout the City.

# 16. Segmented Information continued

# **Water Utility Services**

This segment includes all of the operating activities related to the treatment and distribution of water throughout the City.
