City Council
The Corporation of the City of Penticton

Your Worship and Members of Council:

Pursuant to Section 167(1) of the *Community Charter*, I am pleased to submit the audited Financial Statements for the year ended December 31, 2003.

The statements were prepared according to accounting principles generally accepted for municipal organizations in British Columbia.

The preparation and presentation of the financial information is the responsibility of the Management of the Corporation. The financial statements have been audited by BDO Dunwoody, Chartered Accountants, who state in their Auditor's report that, in their opinion, the financial statements present fairly, in all material respects, the financial position of the Corporation as at December 31, 2003 and the results of its operations for the year then ended.

The operations of the Municipality are segregated into various funds for accounting and financial reporting purposes, each being treated as a separate entity. The funds are as follows:

General Capital Fund
General Operating Fund
Water Utility Capital Fund
Water Utility Capital Fund
Water Utility Operating Fund
Water Utility Operating Fund
Electric Utility Operating Fund
Reserve Funds

The Annual Report includes the financial statements for each entity as well as consolidation statements for all entities. The highlights from these reports are summarized below:

#### Investment Earnings

Investment of all excess Revenue and Reserve Funds generated \$1,157,363 in 2003 compared to \$1,121,401 in 2002. Our portfolio was adjusted to increase our bond holdings that resulted in a better return. The change was made to partially counter the declining interest rate pattern that initially began in 2001 and has continued in 2003.

#### Surplus

A general revenue fund appropriation of \$376,028 was required. This represented a favourable variance of \$458,901 for the year as the 2003 annual budget appropriation was \$834,929. The balance in accumulated general surplus as at December 31, 2003 is \$2,574,024. The surplus can be attributed to various departments operating under their budget provisions.

#### Sewer System

An appropriation from surplus of \$38,384 was required. The budget appropriation was \$31,126. The balance in sewer surplus account is \$2,061,978.

#### Water Utility

A surplus of \$250,173 was generated which was transferred to the water utility surplus account. Water sales were higher than anticipated and some capital projects were deferred. The balance in water surplus account is \$2,308,230.

#### Electric Utility

The electric utility ended the year with a surplus balance of \$5,269,521 as the result of an appropriation from surplus of \$555,243. This was due primarily to an increase in the transfer to the General Fund.

#### Library

The Statement of Revenue and Expenditure for the Penticton Public Library is presented in this report. Library revenue reflects a City grant of \$817,709 which includes an allowance of \$154,006 for building and administration costs, and \$16,698 for capital purposes.

Respectfully submitted,

Jack Kler
Director Corporate Services/Treasurer

### 3. <u>PENSION LIABILITY</u>

The municipality and its employees contribute to the Municipal Pension Plan (the plan), a jointly trusteed pension plan. The board of trustees, representing plan members and employers, is responsible for overseeing the management of the pension plan, including investment of the assets and administration of benefits. The pension plan is a multi-employer contributory pension plan. Basic pension benefits provided are defined. The plan has about 123,000 active contributors including approximately 28,000 contributors from local governments.

Every three years an actuarial valuation is performed to assess the financial position of the plan and the adequacy of plan funding. The most recent valuation as at December 31, 2000 indicated a funding surplus of \$436 million for basic pension benefits. The next valuation will be as at December 31, 2003 with results available in 2004. The Joint Trust Agreement specifies how surplus assets can be used. The actuary does not attribute portions of the surplus to individual employers. The City of Penticton paid \$833,944 for employer contributions to the plan in fiscal 2003.

#### 4. CONTINGENT LIABILITIES

- (a) Under Section 836 of the *Local Government Act*, all monies borrowed by a Regional District, shall be upon its credit at large and shall, in the event of any default, constitute an indebtedness of the member municipalities for which they are jointly and severally liable. #### 7. PRIOR PERIOD ADJUSTMENTS

The S.S. Sicamous is an historical vessel that is owned by the City of Penticton. The care and custody of this asset on behalf of the City is done by the S.S. Sicamous Restoration Society. The Society receives grant funds annually from the City, raises its own revenues and applies for grants from other government agencies. Over the past 13 years, the Society has made significant capital improvements to the vessel. The prior period adjustment recognizes the accumulated value of these improvements at \$1,423,828. The capital assets and equity were increased, but this amount was not reflected in the activity statement.

In the current year, the City has removed prepaids from the consolidated net financial position. As a result, the prior year income has been reduced by \$53,781 and an adjustment to opening equity was recorded for \$126,307 for prior period prepaid amounts. No adjustment was made to the income statement for this amount. The current year adjustment to opening fund balance has been adjusted by \$180,088 to remove the prior year's prepaid amount.
