Staff Recommendations

#1 Council Policy

THAT Council approve "Cannabis Retail Stores Policy" which establishes the process and guidelines for obtaining local government support for a provincial 'cannabis retail store' licence in Penticton.

#2 Zoning Amendment Bylaw

THAT Council give first reading to **Attachment B** "Zoning Amendment Bylaw 2018-66", a bylaw that adds a definition for 'cannabis retail store', includes the use in the C4, C5 and C6 and **prohibits cannabis stores on the 100, 200 or 300 blocks of Main or Front Street** and that the bylaw be forwarded to the December 18, 2018 Public Hearing. [\[Refer to the December 4, 2018 for Council Outcome 499/2018\]](#)

OR

THAT Council give first reading to **Attachment C** "Zoning Amendment Bylaw 2018-66", a bylaw that adds a definition for 'cannabis retail store and, includes the use in the C4, C5 and C6 and that the bylaw be forwarded to the December 18, 2018 Public Hearing.

#3 Business Licence Amendment Bylaw

THAT "Business Licence Amendment Bylaw 2018-67", a bylaw that adds a definition for 'cannabis retail store' and regulates the operation of cannabis retail stores, be given first reading and referred to the December 18, 2018 Public Hearing to receive comment from the public.

#4 Smoking Regulations Bylaw

THAT Council give first, second and third reading to "Smoking Regulations Bylaw 2018-68", a bylaw that repeals and replaces "Smoking Bylaw 87-15", and includes a prohibition on the smoking and vaping of cannabis products in all public areas in Penticton.

Executive Summary

This report establishes bylaws and procedures for dealing with cannabis retail store applications that are referred from the province and establishes rules regarding the public consumption (smoking and vaping) of cannabis in Penticton. The bylaw changes proposed herein were developed through an extensive public consultation process, legal review and best practices from other jurisdictions.

Strategic priority objective

Creating regulations through public and stakeholder consultation for the safe distribution and consumption of cannabis products in Penticton is in keeping with the Council priorities of Good Governance.

Background

In early 2018, City Council endorsed a four phase strategy to engage the residents of Penticton on the establishment of a framework to respond to cannabis legalization. A full review of the engagement plan and outcomes is attached to the November 20, 2018 Committee of the Whole Report. The main conclusions of that engagement work show that residents of Penticton:

- Strongly support allowing retail sales of cannabis, but favour a controlled retail environment with stores being located in established commercial areas;
- Support a prohibition of smoking and vaping of cannabis in public areas;
- Remain concerned about exposure to youth;
- Generally support the principles of the regulatory framework presented by staff at various open houses and on-line.

Given the outcome of the engagement work, stakeholder consultation and review of the applicable provincial legislation, staff have prepared a Council policy and several bylaw amendments for Council's consideration that establish an effective policy response to this new environment.

Proposal

Cannabis Retail Sales - Council Policy

This policy outlines how staff will process applications for cannabis retail store licenses that are referred from the provincial government, establishing an application window, open until January 1, 2019, whereby prospective retailers may apply and are not subject to a first-come, first processed basis. Importantly, included in the policy is a list of cases where staff would recommend against approval of a cannabis retail store.

The policy includes locational guidelines, including that stores should not be located within 300m of a K-12 public or private school or within 300m of another cannabis retail store in the downtown, or within 750m of another cannabis retail store elsewhere in the City.

The policy also includes expected aesthetical standards for cannabis retail storefronts, such as restrictions on branding and imagery intended to appeal to youths and guidelines for window coverings, whereby window coverings are encouraged to include imagery and colour that display a positive and quality image to the street.

Zoning Amendment Bylaw No. 2018-66

This bylaw amends the city's Zoning Bylaw to create a definition for the use 'cannabis retail store' and includes the use in the C4 (General Commercial), C5 (City Centre Commercial) and C6 (Urban Peripheral) zones. The bylaw amendment found in Attachment B also includes a prohibition of cannabis retail stores on Main Street in the downtown and Front Street.

Business Licence Amendment Bylaw No. 2018-67

This bylaw amends the City's Business License Bylaw adding a definition for 'cannabis retail store' and including operational regulations. The regulations require the submission of a security and safety plan and require storefront elevations to form part of the license (requiring amendment to the license if changes to the storefront and or signage and branding are proposed). The bylaw also limits the hours of operation from 9AM to 8PM and restricts the use of roll shutters on the outside of the storefront. A municipality that wishes to exercise its authority to regulate businesses via bylaw must give notice of its intention and provide an opportunity for persons to make representations to the municipal council. This opportunity will be at the Public Hearing on December 18, 2018.

Smoking Regulations Bylaw No. 2018-68

This bylaw revises and modernizes the City's 1987 smoking bylaw and includes rules restricting smoking and vaping of cannabis on all public roads, sidewalks, walkways and trails as well as all municipal open spaces.

Analysis

The policy and bylaws under consideration were prepared and amended through extensive public and stakeholder consultation and legal review. Staff consider this approach towards policy development to be reflective of best practices and encourage Council to support the final stages of this process through the following recommendations:

- Endorsing the Council policy as attached;
- Giving first reading to the zoning amendment bylaw and Business License Amendment Bylaw and forwarding them to the December 18, 2018 Public Hearing for comment from the public; and
- Give first, second and third reading to the revised smoking bylaw and forwarding it to the December 18, 2018 Regular Meeting of Council for adoption.

The City was forwarded information from the Attorney General (Attachment providing recommendations for receiving provincial referrals and our responsibility for processing them. Staff consider the developed policy before Council to be in-line with the recommendations of the letter.

Alternatives

Council may consider the following amendments to the framework prior to giving support or readings to the proposed policy or bylaws:

Alternative 1: THAT the framework be endorsed as presented, but the prohibition on cannabis retail sales for Main Street in the downtown and Front Street not be included in the zoning amendment bylaw that is forwarded to the Public Hearing.

Alternative 2: THAT the framework be endorsed as presented, but the zoning amendment bylaw include adding the use 'cannabis retail store' to the C7 zone as well as the C4, C5 and C6 zones.

Alternative 3: THAT Council directs other changes prior supporting the framework as Council finds appropriate.

Resolution No.:

Subject: Cannabis Retail Stores

Goal

The goal of this policy is to establish opportunities for limited retail sales of cannabis in Penticton in a regulated manner, reducing exposure to youth and ensuring that retail stores have a positive impact on the Penticton retail community.

Scope

This policy outlines how the City will process requests for local government support for a provincial 'cannabis retail store licence' as required by Section 33 of the *Cannabis Control and Licensing Act*.

This policy also outlines Council's expectations for the visual appearance and location of cannabis retail stores in Penticton.

The policy should be used in conjunction with the provincial *Cannabis Control and Licensing Act* and any applicable sections regarding cannabis retail stores contained in the City's Business Licence Bylaw and Zoning Bylaw.

Purpose

The purpose of this policy is to give City staff and Council a general framework to use in the fair evaluation of applications for 'local government support for a provincial Cannabis Retail Store Licence' in Penticton.

Furthermore, the policy is intended to outline the expected look and location of cannabis retail stores, ensuring successful integration of this new use into the existing commercial areas of the city.

Roles and Responsibilities

The Planning Department is responsible for the receipt and processing of applications for 'local government support for a provincial Cannabis Retail Store Licence'. When an application is received, a file manager will be assigned by the Planning Department Manager to process the application.

City Council will be the ultimate decision maker on whether to provide a recommendation in support or recommendation against a provincial Cannabis Retail Store Licence for a particular location.

Procedures

- Prior to consideration by City Council, a complete application with supporting documentation as required must be submitted to the Planning Department, with the application fee as determined by the City's Fees and Charges Bylaw.
- Applications will only be accepted for a location that has been referred to the municipality by the Liquor and Cannabis Licensing Branch (LCLB) for private retail stores or made on behalf of the Liquor Distribution Branch (LDB) for public retail stores.
- All other applications will not be accepted.
- When a complete application is received, the file manager will review the application for basic technical conformance to this policy and its guidelines and zoning and business licence bylaw requirements.
- In cases where there are conflicts between the application and any City bylaws or the guidelines contained within this policy, the file manager will notify the applicant and provide the applicant with the opportunity to provide additional information or otherwise revise the application.
- Prior to consideration of the application by City Council, public notification of the application shall be done by the Planning Department and will occur as follows:
 - o A 'public notice sign' will be placed on the property, in a conspicuous location, for a minimum of 14 days. In the case where the property is double fronting or a corner lot, additional signs may be required, at the applicant's cost.
 - o All owners and tenants of land within 45m of the subject application will be sent written notification.
 - o The sign and written notice shall containing the following information:
 - In general terms, the purpose of the application
 - The land or lands that are subject to the application
 - The place and times where information on the application are available for viewing by the public; and,
 - The manner to which public comment will be accepted
 - o Comments from the public will be directed to the file manager.
- Prior to consideration of the application by City Council, the file manager will submit a report for Council's consideration including the following:
 - o A summary of the comments from the public and the technical review of the application.
 - o A recommendation whether to support an application, support an application with certain conditions or to not-support an application and justification for the recommendation.
- In the case where staff are recommending Council deny an application, the applicant will have the opportunity to address Council directly at a Regular Meeting of Council where the application is being considered and prior to Council considering the application.
- Once Council has passed a resolution in respect to the application, notice shall be sent the LCRB, with a copy of the Council resolution.

Guidelines

In considering whether to recommend support of a cannabis retail store in Penticton, the following guidelines will be considered:

- Stores shall not be located within 300m of a public or private elementary, middle or secondary school. This exclusionary zone will be measured as a buffer from the extent of the school property.
- Stores shall not be located within 300m of another cannabis retail store in the downtown, as defined as the area generally zoned C5 and C6, nor 750 m from another cannabis retail store in the rest of the city. This distance will be measured as a buffer from the footprint of the store.
- Adherence to the following storefront guidelines:
 - o Storefronts must present a positive image to the street to which the store fronts (complete window coverings are discouraged)
 - o Where window coverings are to be used, they shall include imagery and colour that display a positive and quality presentation to the street (blank window coverings are discouraged)
 - o Store branding, signage and display material must not include words or graphics intended to appeal to minors, show the use of cannabis or promote intoxication (for example the words 'high', 'stoned', 'chronic' etc. should be avoided)

The following are grounds for staff to recommend Council deny local government support for a licence:

1. Strong public opposition to the location.
2. Proposed location is in a zone that does not include 'cannabis retail store' as a permitted use.
3. Proposed location is within 300m of a public or private elementary, middle or secondary (K-12) school.
4. Proposed location is in too close a proximity to another cannabis retail store.
5. Design of the storefront and branding do not adhere to the guidelines listed in this policy.

Application priority

- Applications will processed as they are received.
- In the case where an application is made for a location that is in conflict with buffering guidelines from a location that is part of a previously submitted application, the file manager will notify the applicant of the second application and provide the opportunity to amend the location or to proceed with the risk of not having staff support.
- Applications submitted to the City prior to January 1, 2019 will be deemed to be received on January 1, 2019. In the case where conflicts with the buffering guidelines exist between applications received on January 1, 2019, applications will be reviewed based on merit, with staff's recommendation for support going to those applications more closely aligned to the intent of this policy.

Policy Review

This policy should be reviewed within a two year period of cannabis retail stores operating in the city to determine if the policy is adequately serving the interests of the community.
