Rewards Program 2023

As a partner of the City of Penticton's Animal Care and Control rewards program, your business will be seen as a dog-friendly company and supporter of responsible dog ownership across the communities.

How it works

Licensed dog owners of Penticton and the District of Summerland will be provided with an annual rewards card, which they will need to show at the time of purchase. Participating businesses will set their own personalized discount, with conditions, to offer licensed dog owners.

The Penticton Animal Care and Control website will advertise your business as a participating partner on our online directory and include your webpage and business information.

How do I add my business?

Please complete the following information and submit it to dogs@penticton.ca or they can be hand delivered to the City's Animal Shelter Facility, located at 2330 Dartmouth Drive.
