

Dear Participant:

WELCOME TO TRACK AND FIELD DEVELOPMENT!

In order to run the safest program possible we have implemented the following regulations. All regulations are in alignment with Work Safe BC, BC CDC and the BC Government. Failure to follow the new regulations will result in immediate withdrawal of the program.

Enhanced Safety Protocols:

- There are no washrooms or water bottle refill stations located on the field
- Masks are mandatory on the field of play when you cannot maintain 3m distance from others.
- Equipment will not be shared unless cleaned between each use.
- Spectators are not permitted during training. A parent or guardian is granted to stay only if their child needs assistance during the program.

Arrival and Sign in:

You may arrive to your program no earlier than 15 mins prior to the start time. All participants must check in with a volunteer coach and be health checked before proceeding to the field of play. Parents and guardians are not permitted to stay on the field unless their child is in need of assistance throughout the program.

Health:

Anyone experiencing symptoms of illness should not attend class. Program Leaders and City Staff reserve the right to turn away any participants displaying symptoms of illness. Participants who have been directed to self-isolate are asked to stay home.

Cancelations:

During these times our cancellation policies will permit a full refund for any classes missed due to illness. You can cancel programs by emailing rec@penticton.ca or calling 250-490-2426 and leaving a voicemail. Please be patient as our capacity to return messages may be slower than usual.

Forms and Waivers:

All participants must have a medical and consent waiver on file. They can be found on the next page.

Recreation Penticton reserves the right to refuse program entry to any participant refusing to follow the above policies.
