

Dear Participant:

WELCOME TO SPARTAN JR.

In order to run the safest program possible, we have implemented the following regulations: All regulations are in alignment with Work Safe BC, BC CDC and the BC Government. Failure to follow the new regulations will result in immediate withdrawal of the program.

Arrival and Sign in:

Entry to the building will be granted **5-mins** and no sooner prior to program start time. Upon arriving at the program remember to keep 2 meters' distance from other participants and the monitor. Other patrons may be checking in for swimming or the fitness room. Please keep the appropriate 2 meters from them and do not cut in front of them in line. All parents must wear masks while in public areas. Check in with the instructor and verbally consent to the COVID screening questions. We ask you sanitize your hands before entering the program space. Socializing between parents/guardians will not be permitted in the program space and we ask you leave immediately after the program is completed.

Health:

Anyone experiencing symptoms of illness should not attend. Participants who have traveled outside of Canada or have been in contact with someone diagnosed with COVID19 within 14 days prior to the start of class or have been directed to self-isolate are asked to stay home.

Cancelations:

During these times our cancellation policies will permit a full refund for any classes missed due to illness. You can cancel programs by emailing rec@penticton.ca or calling 250-490-2421 and leaving a voicemail. Please be patient as our capacity to return messages may be slower than usual.

Cleaning and Hygiene procedures:

Hand sanitizer will be available at all times and hand washing stations will be pointed out to all participants. Constant cleaning during and in between P.L.A.Y sessions will be performed by Community Centre Staff. Please bring a water bottle as our water fountain is closed; however, water bottle refill stations are open.
