Vision: Work collaboratively to build a system of housing and supports to prevent and address homelessness in Penticton

The collective is based on the understanding that no single group or organization can end homelessness on its own

100 Homes Penticton is a collection of community leaders who came together in 2016, initially to provide housing and supports to 100 vulnerable people in Penticton by July 2018. In 18 months of collaborative working, 133 people have already been housed. However there is still a significant need in the community, so the work of 100 Homes will continue with a new goal of ending chronic homelessness in Penticton within a timeline to be agreed by end of 2018.

Strategic Goals 2018/2019

Vision

Values
