The Importance of Early Detection and Prevention

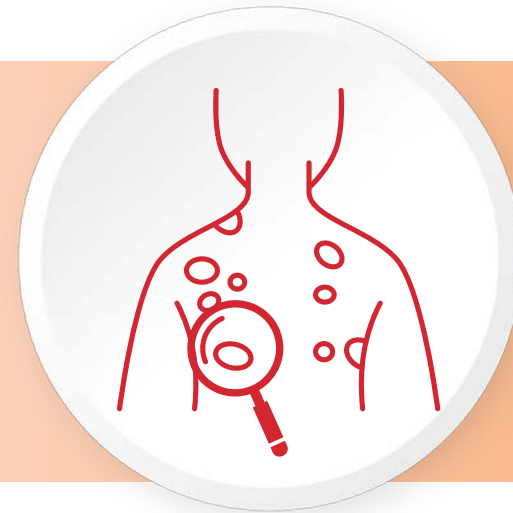

- Your skin is the largest organ of your body and the only organ visible to both yourself and your loved ones.
- Early detection and prevention are essential for managing this type of cancer effectively.
- While no cancer, including melanoma, can be prevented with 100% certainty, there is good news with melanoma. The risk factors are well understood, allowing for proactive steps to significantly reduce the risk of developing this potentially deadly disease.

Proclamation

"Melanoma and Skin Cancer Awareness Month" May 2024

- WHEREAS:** It is imperative that communities across Canada be reminded of the importance of sun safety; and
- WHEREAS:** Over-exposure to UV radiation is one of the major causes of melanoma and non-melanoma skin cancers; and
- WHEREAS:** Skin cancer is the most common of all cancers. 1 in 6 Canadians born in the 1990s will get skin cancer in their lifetimes; and
- WHEREAS:** Many people seek sun without taking the advisable precautionary measures and are unaware that any darkening of skin colour, including a tan, is indicative of UV damage; and
- WHEREAS:** Skin self-examinations should be performed on a monthly basis because skin cancers are highly treatable when detected early; and
- WHEREAS:** Save Your Skin Foundation is dedicated to the fight against non-melanoma skin cancers, melanoma and ocular melanoma through nationwide education, advocacy, and awareness initiatives.

NOW, THEREFORE I, Mayor Julius Bloomfield, **DO HEREBY PROCLAIM** the month of May 2024 as "**Melanoma and Skin Cancer Awareness Month**" in the City of Penticton.
