

## Large Item Collection April 19 – 23, 2021

(Penticton, BC – April 12, 2021) – Residents receiving curbside garbage collection services will be able to place for pick-up and disposal two large items during the week of April 19 - 23. On your regular garbage day, leave these items at your usual collection point by 7:00am. Please leave a minimum of 1 meter/3 feet of space between your carts and large items, as a separate collection truck collects the oversized items.

Common accepted items include: furniture, appliances (such as refrigerators, stoves), exercise equipment, and mattresses. The maximum allowable weight per item is 90kg/200lbs.

Items that are not accepted are objects with gas motors, televisions, hot water tanks, and renovation waste such as toilets, plumbing fixtures, and doors. Small appliances and electronics will not be collected, but they can be dropped off for free at J&C Bottle Depot at 200 Rosetown Avenue, or at Campbell Mountain Landfill at 1765 Reservoir Road.

“The large item collection event helps residents get their unwanted furniture or broken appliance to the landfill for disposal or recycling”, said David Kassian, Community Sustainability Coordinator. “On your regular garbage day, place the items at your usual collection point and we will make sure it gets disposed of properly.”

Multifamily buildings are not eligible to participate in the large item collection.
