

## Community Centre pool to close for regular maintenance

(Penticton, BC – August 12, 2021) – The Penticton Community Centre’s aquatic facilities will be undergoing its annual maintenance and cleaning August 14 to 29, scheduled to reopen August 30.

The purpose of this annual closure is to complete preventative maintenance on all areas of aquatics including the pools, steam room, hot tub, change rooms and mechanical areas, as well as inspecting for damage and to execute major repairs or upgrades that can’t take place during the rest of the year.

“The annual pool shutdown is an important part of the ongoing planned maintenance at the aquatic facility,” says Recreation Operations Supervisor, Kerry Wagner. “It helps in keeping the pool functional and in reducing maintenance-related service impacts throughout the other times of the year.”

During the closure of the pool, the community can make a reservation to enjoy the recently maintained Fitness Room as well as other programming. To view fitness room and program availability, please visit [www.penticton.ca/register](http://www.penticton.ca/register).
