

Youth invited to share feedback on free transit program

(Penticton, BC – Sept. 8, 2025) – The City of Penticton has been offering free transit for youth ages 13-24 for the last two years and would like to know what riders think of the program. If you're under the age of 24, share your feedback by October 31 for your chance to win two free movie tickets to Landmark Cinemas.

"Even if you are a youth that doesn't use the free transit program, we want to hear why that is. We want to understand why youth are motivated to use the program and how it has impacted their lives," said social development specialist Sarah Desrosiers. "Youth and caregiver feedback will contribute to evaluating how the program has worked so far, while helping make decisions about the future of it as well."

Anyone aged 13-24 years can complete the Youth feedback form and be entered for a chance to win the movie tickets. A separate Caregiver feedback form is also available. Complete the form online at shapeyourcitypenticton.ca/youth-transit or visit one of the following program partners to fill out a paper copy:

- City Hall
- Community Centre
- Library
- OoKnakane Friendship Centre
- Foundry
